

*Custom Hard Covers On-Demand*

There is growing interest for custom hard cover books. Opportunities exist for photo books, school yearbooks, proposals, milestone books, and scrapbooks. Until now, the traditional binding industry tackled the issue by providing pre-made covers, die-cut covers with a window, or dust jackets. Their covers are expensive and obviously generic.

With the Hard Cover Master, you can easily make personalized retail-quality books. You can make one or hundreds. The covers can be printed (like a coffee table book), or use our leatherette, suede, or book cloth materials. The best feature is that you're no longer limited to letter size. In a matter of minutes you can create any hard cover book for just a few dollars.

The process is simple: place the cover sheet face down on the Hard Cover Master, peel off the release liner, lower the registration head, place your binder board, cut the corners, then turn the edges.

	USA	Metric
Covers/Hour	60	60
