

## “Professional Binding Systems”

## PBS-6000 Binder

### *The Most Advanced Binder In It's Class*

The PBS-6000 has revolutionary new features that surpass the expectations of any professional book binder; spine milling and notching, paper dust vacuum, integral stand, and most importantly, it makes high-quality soft and hard cover books. Hard cover books can be perfect bound or lay-flat, the system includes a casing system for ensuring square endleaves and tight European joints. Bind miniature to out-size books with no set-up changes.

Feature for feature, bind for bind, no other perfect binder can match the value, capability and book quality!

- Push button operation
- Milling/notching with internal vacuum
- Soft cover books
- Hard cover books (perfect bound or floating spine)
- 200 cycles per hour
