

Produce Your Own School Yearbook

Desktop Perfect Binding by Bind-it puts you & your students in the middle of electronic publishing. By taking control of your yearbook you will motivate your students by involving them in real world publishing while dramatically reducing your yearbook cost.

Design & Create layouts for your book. There are many layout programs available if necessary.

Print pages using your school printers, copiers, color laser printers or risographs.

Insert printed pages into a Bind-it, hard or soft cover. Our books have a pre-applied heat-sensitive adhesive in the spine.

Set book into the Covermate and press start button to begin 60 second binding cycle.

Place cover into the crimper to crease spine and complete process.

In just minutes you have a perfect bound yearbook.

Customize Covers to suit every School.

Your Efforts will be rewarded:

- A complete yearbook; no activities will be left out due to time constraints.
- An affordable yearbook; more students, including underclassmen will be able to purchase the annual.
- Strong student involvement instills a sense of pride and accomplishment in completing an important project from conception to reality.
- With the savings, most schools build a yearbook fund to help defray the cost of next years annual.

Bind-it Covers come in a variety of stocks and colors to suit your schools' needs and budget. Coupled with Bind-it's extensive graphic capabilities, you're sure to find just the right combination to represent your school.

Hard Covers

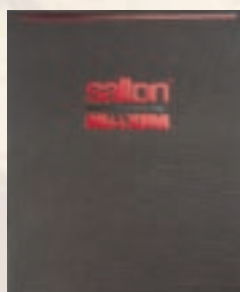

Nothing looks or lasts like a Hardbound Book! When only the finest will do, select the prestigious Hardcover, with your school name and mascot proudly Foil Stamped, or our Litho Hardcover which is specifically designed for dynamic offset printing in one to four color process.

Soft Covers
